

Major milestones within the corporate development

CargoBeamer follows clear steps on the way to growth and profitability

Supported by strong advisory board

Dr. Gerhard Schröder
Prof. Wolfgang Ischinger
Prof. Dr. Mark Wössner
Dr. Hartmut Mehdorn

As of 2017: **Growth** – our goals are:

- Roll-out of business model in Europe and beyond – satisfaction of increased client demands
- Massive increase of technology availability
- Evaluation of entering into strategic partnerships
- Expansion of financial leeway

2013: **Market entry & establishment of partnerships**

- Successful start of first operative pilot routes
- Establishment of logistic and innovation partnership with clients
- EU grants full certification in all member states

2008 – 2012: **Technology evolution**

- Investors with excellent industry know how and network come on board
- Focus on quality and availability of the system
- Development and construction of prototypes and series

1999 – 2003: **Safeguarding of technology & foundation**

- Technology becomes safeguarded by registration of patents, designs and trademarks
- Foundation of CargoBeamer AG

1998: **Invention**

- Idea developed by Dr Hans-Juergen Weidemann and Michael Baier

Actual: **Constantly growing operational performance**

- Since 2015 doubling of transport volume every year
- Invariably growing number of transports and utilization
 - 2015: 2,564 transports; 26 million tonne-kilometres; 60 % utilisation
 - 2016: 4,883 transports; 42 million tonne-kilometres; 63 % utilisation
 - 2017: 10,837 transports; 134 million tonne-kilometres; 82 % utilisation
 - 2018: 12,285 transports; 152 million tonne-kilometres; 85 % utilisation

Focus on technology & prove of concept

Monetization & growth

- CargoBeamer looks back on almost 20 years of constant technological developments and progress. Its management headed by founder Dr Hans-Juergen Weidemann has earned itself an excellent reputation in terms of achieving milestones and taking the company to the next level. As of today, CargoBeamer is set to realize its enormous growth potential
